

"Welcome to your new UNISON Discount Card!"

Your card provides you with access to a vast array of retail and leisure discounts across the UK and Southern Ireland. The key facet of the card is that you as a member take it into local retailers, of which there are over 18,000 across the UK, and presents it to achieve a minimum of 10% discount on products and services. Discounts are available across a variety of categories including restaurants, beauty salons, gyms, clothes shops, jewellers, garages, cafes, takeaways etc. **We also create the opportunity for members to personalise their own benefits card following registration. We encourage members to suggest local retailers they would like to see offer a discount via the website or telephone helpline. The discount could be a local restaurant or indeed a gym used two or three times a week or possibly a carpet fitter or children's entertainer only every required once!**

In addition we also have key relationships with almost 200 national high street brands. Whereas all the local discounts are redeemed on production of the card in-store, the nationals are redeemed in four different ways, either on production of the card in-store (Moss Bros, F. Hinds Jewellers, Eureka! Childrens Museum, Tenpin, Spirit Health Clubs, Pro Tyre etc), online or over the phone quoting a code (Thorntons, Virgin Experience Days, Alton Towers, LEGOLAND, Sealife Centres, Cadburys, West Midlands Safari Park etc) or via pre-purchased vouchers from our dedicated UNISON Discount Card helpline (Post Office multi-redeemer gift vouchers, Comet, Boots, M&S).

In order to enjoy a vast array of discounts at your disposal initially you will need to activate your card.

To do this you can register your card online at
